PRESIDENT'S REPORT

In comparison to last summer's track and field season climax with the Commonwealth Games, this season is like chalk and cheese with many probably glad it has finally concluded.

The early start in September at Landy Field to accommodate the much anticipated reconstruction was well received as most athletes benefited with the early lead up to the various schools competitions.

However, this was offset with the early finish and transfer to Goldsworthy Reserve, Corio in early November, 2006.

Due to the athletic facilities available at Corio, our throwers(hammer), and pole vaulters had to find alternate venues to train and also compete.

As the season progressed, some may say regressed, athlete numbers as well as officials fell away quite sharply, particularly after the Christmas recess and more so in February where athletes were travelling seeking competitions.

This almost made some of the competition days unviable from both a competition and also an economic point of view.

Some misunderstandings regarding track bookings(double bookings) just added to the mix for both competition and training.

However, before the relocation, athlete numbers at Landy Field were encouraging pointing to a successful season.

Interclub at Landy Field was affected, some say disrupted with the AV Score 3 programme cycle mandated such that our centre clubs would be eligible for the Shield Final in March, 2007.

The programme to fit in the nominated events on the 3 programme cycle did not seem to advantage athletes with their choice of events. We have advised AV of our trials and tribulations of these programmes with a view to returning to our more conventional and methodic 4 programme cycle.

Competition at Corio comprised the Geelong Championships, Cup competition, multis and series of PB meets.

As I said, many of these were not well supported.

Furthermore, disappointingly, was the low attendance at the annual presentation at White Eagle House on 25th March. What do clubs and athletes want, if anything?

The AV Premier League(based on rankings achieved at interclub), replacement for State League, gave many younger athletes the exposure to a higher level of competition.

Many athletes achieved success at National Allschools, Nationals, Olympic Youth Festival level.

However, those athletes who achieved PB's at local level should also be celebrated as that is the fundamental of our sport, achieving your best.

In contrast, the Ron Clarke Classic conducted at Corio on 2nd December, 2007 was a highlight with many world class athletes competing, not to mention the Essendon Football Club.

The undoubted highlight of the year was Nathan Deakes establishing a world record best time for the 50k walk(3hr 35 min 47 sec) at the Geelong Waterfront on 2nd December, 2006.

In 2007, we have been honoured that our athletes have been selected for the World Championships in Osaka, and World Youth(u/18) Championships in Ostrava.

World Championships:

Nathan Deakes	20k walk
Craig Mottram	5,000 metres
Mark Fountain	1500 metres

World Youth:

Luke Bissett	Javelin
Jessie Couch	400m hurdles, medley relay
Bianca Maurer	Javelin

The re-construction of Landy Field is now due to be completed in June, 2007, so we all look forward to a full 2007-08 track and field season. However, we need to make early preparation for availability for training over the winter recess and transfer back of all equipment.

Other consideration is the state of and timing of availability of the infield for throwing events taking into account the imposed water restrictions.

Several officials have stepped back from their commitment after the Commonwealth Games, so that puts more pressure on those who remain and perhaps we can persuade them to nurture the next generation.

We need to continue our critical appraisal of where we are, where we are heading, where do we want to be and how to get there.

The number of people running athletics at the grass roots level continues to diminish, so fewer people are required to do so much more. So how can you continue to provide the day to day as well as plan for the medium and long term future?

Irrespective of the number of participants, we still require so many people to contribute just so that the Centre has a working and viable Board, and make the workload tolerable for all, not to mention interclub competition which requires a minimum number of officials to put on at least the barest of interclub programmes, not to mention community meets which is what we want but we require officials.

Success in the sport attracts/takes away athletes and officials from the local programme to the next level. But this is only a measure of the success they we have achieved.

There are vacancies on the Board again/still season, not to mention their respective sub

committees, can you or someone you know contribute?

The number of people willing to give of their time during the season and on Saturday afternoons is diminishing, thus putting extra burden on those who are still involved. To use the cliché, “many hands make light work” cannot be overstated.

Becoming a qualified and registered official gives all of us the opportunity to be involved “in the action” and also assist in improving the presentation of events. Thanks to our portfolio manager Anula Costa for encouraging our officials to undertake the exams, whose results were outstanding. Now the challenge is to put this “theory” into ongoing practice.

We need to deal with the here and now, the normal routine, housekeeping athletic business, but we also need to look 5, 10, 20 years down the athletic track.

Some matters to consider:

Athletics Victoria will no doubt review the AV score style of summer competition which will directly impact on our local competition and traditional Saturday afternoons.

The style of competition, the make up and number of clubs, state and national events, infrastructure(facilities), management procedures and methods and their implementation, support and expansion of coaching programmes and increased participation of officials, marketing and promotion and use of the media.

Also, there is still no time frame announced yet regarding the implementation of the report commissioned by Athletics Australia and if implemented in its entirety or even partly, what direct and major impact on athletic competition in Geelong.

The Geelong cross country team continues to prosper and succeed under the patronage of Lee Troop and management of Neil McDonald.

The Cup Competition, even though only a single day competition this season, provided a different camaraderie and competition amongst the athletes and this response encourages continuity of the concept.

We need to cater for the elite as well as the interclub athletes, both of which have vastly different needs to assist their athletic careers, not to mention promotion of the sport itself. How do we keep the elite athletes competing at the local level?

We all need to be realistic about athletics in Geelong. We might have to be radical, but always self critical in looking at ourselves and not promoting self interests personally or club level in order to compete with other community activities.

The coaching programmes for both coaches and athletes alike need to get more exposure and continue within the club structures and success does come as evidenced above.

We need to offer more via the clubs and coaching programmes in order to encourage more Little Athletes to continue in the sport at senior level. We need to bridge that perceived great divide, which is slowly narrowing, between Little Athletics and Seniors by being interactive and cross promotion.

We need to dispel the myth that "senior athletics" is only for the elite. You can do the sport for enjoyment's sake itself. A more equitable balance of numbers would no doubt assist both

organisations.

The Geelong Centre continues to be a leader in providing athletic competition for Athletes With a Disability(AWD), being totally integrated within the mainstream athletic programme as well as our Masters athletes.

We now have our own photo finish, which has been a long process, but worthwhile. This provides the opportunity for our computer literate(and not so but willing to learn) to become involved. This facility is virtually expected for every competition to enable athletes to record accurate times and hopefully qualifying times at best. We need more to become involved with/in this valued commodity.

I continue to encourage all to be involved in any small way to contribute to improve our sport.

The Geelong Centre total athletic registrations continue to remain about the same, yet the clubs, through their endeavours, attract about 30-60 new athletes each season. We need to implement measures to retain and nurture those athletes to remain in the sport.

The 2007 Victorian Country Championships were conducted in Bendigo in Jan, 2007, in 2008 they are scheduled for North East(Albury), date to be confirmed.

The Summer Meeting has been held and set the course for next season. The Summer Meeting gives you all the opportunity to improve our sport, BUT not all take advantage of this.

There is no point criticising decisions made during the season, you have your opportunity, not to mention vacancies on the Board and through the various subcommittees.

Financially, the Geelong Centre is running a steady course.

With capital improvements necessary and continuing equipment renewal and upgrade, our reserves can, if at all, be drawn down only so far before we are not financial.

Our next priority is the pole vault landing area.

Self contained, permanent photo finish office, lights and a medal presentation area outside the track, and the track upgrade, these will need to be advanced through co-operation and discussion with the John Landy Field Management Committee.

The centre was granted some Commonwealth Games equipment, namely throws equipment and also JLFMC was granted a discus cage which is being incorporated in the Landy Field redevelopment.

We need to focus and make a concerted effort on fund raising and selling and promoting our sport to the market place, such as the planned Community Athletics programme, for both participants and supporters alike.

The Portfolio Managers have submitted their reports. They offer a review of the season and ways to improve the centre and hopefully encourage your increased input and involvement.

A close examination of the finances of the Centre, indicates we are financial, but with our

yearly ongoing recurring expenditures, we only have funds for 4-5 years which does not allow for any capital outlays for those “nice to have” items or even upgrades to current standards.

This in itself is a challenge to be frugal with our expenditure and more aggressive with our fund raising.

I especially thank our Secretary for her contributions, Beth Bauer who is “retiring” from that position at the conclusion of this meeting to continue in athletics in some other guise. Also notably David Barfoot, Technical Manager and further our Portfolio Managers and sub committees for their dedication to the sport and acknowledge and applaud their contributions and their personal support during the season.

Finally, I thank and acknowledge all the families, officials and club administrators who give of their time so generously to provide the athletes the opportunity to participate in their chosen sport. I trust their appreciation is reciprocated.

RICHARD LAWYSZ
PRESIDENT

SECRETARY'S REPORT

The last year has been a difficult one for Geelong Athletics, but this is not the reason for my main disappointment with our Centre.

I have become increasingly frustrated with the apathy shown by most of our athletes over the past few years with this season being by far the worst.

We only need look at the lack of support given to our Centre Presentations and our Multi Event Championships for evidence of this apathy, let alone any other of our events.

The Summer Committee worked very hard this season to try to put on events that might maintain the interest and provide competition for our athletes in very difficult circumstances with the closing of Landy Field only to have fields in most events that made a mockery of our competition.

Some athletes needed to travel far and wide to be able to compete in their specialist events, but the majority of athletes could have competed at Goldsworthy Reserve without any trouble at all – they chose not to for their own reasons and with no thought as to what this would mean for athletics in the Geelong region. This selfishness must stop if athletics in this region is to continue.

Geelong has in the past been able to hold its head high, we have excellent facilities and some of the best officials in the state. The few on the Board have worked very hard to raise the funds needed to continue to improve the equipment (with the provision of photo finish and the current project of pole vault bags etc), but I for one am starting to feel that I am wasting my time because of the lack of support given by athletes.

We desperately need more people to join our Board of Management, an appeal to clubs to help with this led to a deathly silence.

We desperately need more people to help with sub-committees, this does not take too much of anyone's time, but again – deathly silence.

We desperately need to grow our numbers so that there is more competition for everyone – however it seems that no-one is interested in asking their friends to join – all recruiting is left to a few in each club.

We desperately need to have more coaches who are willing to assist athletes from any club (as has been the tradition in Geelong), but once again it seems that this is happening less and less and without a Coaching Portfolio Manager on the Board we do not even know who is coaching in the region. This makes it very difficult to direct possible members when enquiries are made and makes us look foolish.

I am stepping down as Secretary because even before this season I was becoming more and more frustrated with the lack of support from the general members of our Centre, I have let it be known from the start of the season that this would be my last as Secretary – however no-one has made a single enquiry as to what needs to be done to fill the position. More apathy.

I know this report will be read by those few who have been trying over the past few years – please try to pass the message along to those to whom it is really directed.

Athletics is in the main an individual sport – but it still needs the combined support of all its parts to work as it should. The individuals must start to come together to support each other, by helping out at Board Level and sub-committee level, by assisting wherever they can on competition days, by simply turning up and competing in as many events as they can – especially entering Championships and giving the winning of a medal some meaning. Most of all we need people to encourage others to join us and to come along and enjoy their sport, either as an athlete or an official. With all the new restrictions that AV are imposing on our competition it is even more important to have everyone working together.

I am remaining on the Board for this next year as Vice President and hope to see a vast improvement in the attitude towards Geelong Competition from all our members in the coming year.

If you can help in any way, don't wait to be asked, come forward and offer to help where you can or ask what needs to be done if you are not sure. Many hands not only make light work they also make the work into a good experience for everyone.

Thank you to those few who have worked so hard over the past few years, especially to Richard Lawysz who has been a great support for me personally and who has been the backbone of athletics in the Geelong Region for a number of years. Without Richard I don't think we would still be here.

Elizabeth Bauer
Secretary

TREASURER'S REPORT

Well what a season we have had in athletics here in Geelong, even though numbers at Corio were well down on numbers who attend Landy Field, we still managed to stay afloat. Two reasons being we started the season a month early and the venue rental was a lot cheaper at Corio.

Centre Administration, Summer Competition, Twilight Trot and Winter Competition (Cross Country), Ron Clarke Classic, Winter State League (Cross Country) ledgers all show a credit balance for this season. Profits were made in Summer, Twilight Trot, Winter Competition (Cross Country) and Winter State League (Cross Country)

Country Championships shows a credit balance but there was no movement this season through the account.

Geelong Championships shows a debit balance but we do have a number of medals in stock. This year we may have to purchase a few gold medals. The idea of people paying less to enter if they did not want medals proved popular with some of our more mature athletes.

Twilight Trot & Winter Competition (Cross Country). These accounts have continued to grow steadily due to the great efforts of Geoff and Mary McDonald who have obtained sponsorship and fundraised. Thank you to Geoff & Mary.

Winter State League (Cross Country). I have made a new ledger account for the Regional Cross Country Team to give us a better idea of where the money goes each year on this account. Because by putting the amount in with state league it is not a true figure, also most of the state league debit would be for summer competition not winter. Thanks to Neil MacDonald for his hard work in obtaining sponsorship and his fundraising efforts.

The Geelong Centre is in a sound financial position at present with \$29,955.48 credit balance, but a lot of money will be needed in this next season, as we need to replace our Pole Vault Equipment at a cost of around \$30,000.

At the end of the season the Board decided to close the Bendigo account and put the monies in the ING account which reaps a much better rate interest wise. Bank Interest was up \$720.00

Due to not having a permanent marketing person we did not have a lot of sponsorship this season this was down by \$1350.00. Handbook sales were down \$332.00 due to having a limited amount of handbooks for sale. Equipment Hire was down due to the unavailability of Landy Field. This is a lot of revenue to miss out on.

We have no outstanding debits at the end of this season.

To my fellow Board Members thanks for all your efforts over this most trying of athletic years.

Dianne Alsop

Treasurer

OFFICIALS PORTFOLIO MANAGER'S REPORT

First of all, on behalf of the Geelong Athletics Board, I would like to say a big THANK YOU to all of our officials and volunteers for the 2006/2007 athletics season.

We could not have got through the season without your spare time and strength. As Athletics Victoria has said: "officials are the backbone of athletics events."

Due to the upgrade of Landy field, it was a long season with extra travel. With the support of you all, Geelong athletes have managed to complete another successful season.

It is a great pleasure to mention that a lot of our qualified technical officials are keen to improve their knowledge, and are taking further steps forward by officiating at State events too.

Geelong officials again graced the Country Championships, this year in Bendigo, taking a weekend away and enjoying their time officiating as in other years.

Thank you very much to the proprietor and staff of Brumby's Bakery in Garden Street, East Geelong for supplying nice sweets for our afternoon tea every Saturday. Afternoon teas were very popular with officials thanks to Brumby's.

I hope you continue to be involved with and support Geelong Athletics.

Enjoy your winter sports and relax.

See you all in 2007/2008 back at our upgraded home, **Landy Field**.

Anula Costa
Officials' Portfolio Manager

Geelong Athletics Registration Report 2006-2007

Final figures for season 2006- -2007 are as follows:

Registration of Athletes	262	
Officials	38	6 down from last season
VETS	15	
VMA	11	
Dual Athletes	38	
Associate Members	2	
New Members	52	
Independent	5	

Transfers for Season

Clare Barrand	Chilwell to Geelong Guild
Jessica Kragh	Chilwell to Geelong Guild
Craig Bone	Geelong Guild to Deakin
James Newman	Coburg to Chilwell
Kristen Wyatt	Melbourne to Chilwell

The Geelong Records and Geelong Residential Records for the season are attached.

Many thanks to Joanne Lambert for her help during 2006-2007

I also wish to thank the board Members for their support in 2006-2007

Yours sincerely

**Pat Agg
Portfolio Manager
Records and Registration**

SUMMER COMPETITION PORTFOLIO MANAGER'S REPORT

I can report the outcome of what was a difficult season from the Summer Committee's point of view. The season started one month earlier at the beginning of September as Landy Field was to be unavailable from early November for its re-construction. A move for the remainder of the season was made to the Corio venue and we thank the Corio clubs for their support.

Because Corio is not regarded as a senior venue by COGG, it does not have hammer, pole vault or steeple facilities. As such we were compelled to offer these events as championship events at Landy Field before moving to Corio. Interclub competition was also to be totally conducted at Landy Field, although there was some confusion over conducting 10 weeks of interclub competition whether we were at Corio or not. In the end we had 8 weeks of interclub competition.

As usual the Centre struggled to attract enough officials to service properly either the track or the field events on offer during competition at Landy Field and Goldsworthy Reserve, Corio.

Interclub/Community Meets

The three series programs for this season went well despite numerous hiccups. The programs were forced upon us by Athletics Victoria if our clubs (which they did want to) wanted to compete in the Shield Final at the end of the season.

Some athletes have been appreciative of the early start to our season as it gave them time to get qualifiers for Schools Nationals, especially a number of invitation athletes from Melbourne.

Competition numbers have been noticeably lower since the move to Corio. Only one athlete introduced a friend despite the many flyers / timetables which were distributed to registered athletes and to runners at Twilight Trot etc. A disappointing outcome to the Summer Committee's initiative to create more team based competition, as only 3 female teams entered the field relays and 2 took part on the day.

Athletes enjoyed the handicap events. Thanks to Richard Lawysz and Andrew McDonald for handicapping athletes. Perhaps the Handicap meet could again become an annual fixture, as it was some years ago, possibly creating an ongoing interest in this style of competition.

The Shield Final at Olympic Park in March created its own problems with the ever present interpretation of the rules by many and varied personnel from AV. It resulted in an unfair representation of finalists and for the good of the entire competition, some hard and fast rulings, and by whom and who can advise upon them, must be made before next season.

Points Scoring

The sub-committee & I gathered on a Saturday night after competition to review the results, ensuring results were correct and then undertaking the lengthy task of calculating the interclub points. This was not always easy - some results were not available to the committee. Congratulations to the clubs who have won premierships in their respective age groups.

Handbook

The summer committee spent countless hours preparing the details and presentation for the season's summer handbook, which included reviewing past handbooks, rule changes and designs to follow the AV handbook. All work and copy was completed on time, as requested

by the Marketing Portfolio Manager. This was after the many changes that were required due to changing from a four cycle to a three cycle program.

It was then extremely disappointing to find that a great deal of the information submitted had been omitted, not altered, not used or left out. This then created additional problems throughout the course of the season along with the unavailability of the handbook for some weeks.

Geelong Championships

The main Geelong Championships series was held in the New Year at Goldsworthy Reserve and it went well. However number of athletes was disappointing due to early start of the New Year – most on holidays. We again offered a reduced entry fee for those athletes not wishing to receive a medal. I believe that it worked well, as a large number of athletes chose this cheaper method of entry.

Cup Competition

The Cup Competition held over one day in March was good and went well. There was a double booking made by Council resulting in us re-working our Cup schedule to fit into one day. This was done, although creating additional work and effort. Cup competition entry was smaller than last year however those people who competed found the experience enjoyable at Corio. Cup Competition provides for team work – one cannot help many, but many can help one.

Presentation Night

A similar number of people attended the annual presentation of Centre awards, held this year as a luncheon, on 25 March at White Eagle House. We must find the right date and time and in addition, put in some extra effort to promote the awards function for it to be more successful than it currently is. This year's awards function was always going to be quieter than normal with the season be split between Landy Field and Corio.

Next Season

The Geelong calendar for 2007/08 will be prepared after the completion of the AV, AA, VLAA & GLAC calendars have been advised.

Conclusion

I wish to thank to Peter Anderson & Mary McDonald, who have helped me in setting up the calendar for this season, preparing points, preparing and reviewing timetables for Cup Competition and Geelong Championships which as greatly assisted me to perform my duties as Summer Portfolio Manager. Mary McDonald has advised that she will not be continuing on the summer committee next season and on behalf of the past manager's I wish to thank her for her contributions over many years to the summer committee. I also wish to thank to Lyn Taylor for preparing and checking interclub points just in case we (the sub-committee) overlooked anything however we all did well as a team.

Finally I would like to thank to all athletes, officials, parents, friends for their support this season 2006/07. Thank you also to my fellow Board Members for their encouragement. Hopefully 2007/08 will be better.

Joanne Lambert

Portfolio Manager Summer Competition

TECHNICAL MANAGERS REPORT

Season 2006-2007

The Geelong Athletic Centre has coped with having to start the Summer Season at John Landy Field South Geelong and then relocate to Goldsworthy Reserve Track at Corio.

It was unfortunate that we had to forgo the Hammer, Pole vault and Steeple events at Goldsworthy Reserve but I think all our Athletes would have enjoyed the season we had.

The redevelopment of John Landy Field will give our ATHLETES something to strive on to obtain PBs and records, having an IAAF standard facility with new track and in field area we should see and hear of major achievements by all who compete at Landy Field.

The upgraded facility will have a new Hammer/Discus Cage at the western end of the infield plus a Discus cage at the Eastern end of the infield, with a new Pole Vault, javelin and shot putt areas.

The past season has been very trying for the Technical personnel with having to put equipment in and out of shipping containers each competition day but we coped, thanks to all that helped in any little way.

I encourage all Athletes, Officials and clubs to use the new look John Landy Field to the maximum and enjoy the future seasons.

Twilight Trot Report 2006/2007

The season commenced on Monday 30th October 2006 and concluded on 12 March 2007, a total of 18 runs.

This was our most successful season since Mary and I took over the running of the Twilight Trot eleven years ago. We had a high of 78 and a low of 50. With a record average of 61 participants.

We raised the excellent sum of \$2027.61 net profit. This is also a record.

GJ McDonald & Co. Real Estate was the naming rights sponsor for the "Trot".

The course for the Trot was varied between 1635m (short) and 2245m (long distance) course.

Juniors U13 would always run only one lap of the week's designated distance. During

the season however I allowed juniors if they wished to run two laps. A number of the very good juniors accepted the challenge and it was pleasing to see their times improve over the two laps. Each week I always offered a one lap or two laps and every third week offered one, two or three laps. On two occasions up to four laps was available. Each week I changed the course from short to long distance in order to provide a variety.

Our success was due to an increase in families and also in juniors participating. For one of our runs 21 juniors participated.

There continued to be a number of new faces participating throughout the season and this was once again helped by "Introduce a Friend". Each person who introduced a new participant went into a draw for an end of season prize of a \$10 DeGrandi voucher.

As usual the results were published in the Geelong Advertiser each week. The publication of results did result in inquiries from the public to participate. This clearly demonstrates that wider publication of the Trot will result in more people participating.

Course records were also kept for both the short and long courses for the various age groups. This also created an interest particularly with the juniors when they established new records.

The final run for the season was the Joyce Lockyer Memorial Trophy, handicap run for senior runners over two laps of the long course. Michael Weisenberger was the winner of this Trophy. Michael is a new runner this season and is keen to run the cross country.

The juniors were also handicapped for one lap of the long course. The winner and place getters received medals. Following the runs there was a BBQ and presentation of awards.

Once again we were fortunate in obtaining sponsors who donated cash, items and vouchers for spot prizes. The participants and in particular the children appreciated receiving spot prizes each week.

Our sponsors were :

GJ McDonald & Co. Real Estate (Greg McDonald)

Charles Crawford & Son Funeral Directors (Terry & Carol Crawford)

DeGrandi Cycle and Sport (Damian DeGrandi)

Bakers Delight – Geelong West (Neil & Simone Walsh)

Bush Inn Hotel (Tony Kelly)

Geelong Bowling Lanes

Some other items were obtained from time to time and handed out as spot prizes.

GJ McDonald & Co Real Estate donated \$300 and Charles Crawford & Sons Funeral Directors \$180.

Because of their generous cash donations we were able to purchase vouchers from Bakers Delight and the Bush Inn Hotel and in return they donated vouchers. Vouchers were purchased from De Grandi's and in return five sports packs were donated.

It is extremely pleasing to record a net profit of over \$2000.00 This has been achieved by minimizing the purchase of trophies to only \$55.00 (caps and T Shirts) and utilizing vouchers and other products from our sponsors.

Thank to Joanne Lambert, Ray and Andrea Hobbs and Helena Erwin who helped out at the finish line during the season.

Thanks also to Mick & Karyn Robertson of St Albans Park General Store for providing

packets of lollies for the children at Christmas and the bread and chips for the end of season BBQ.

Once again I would like to thank my wife Mary for her excellent assistance in helping me run the "Trot". I would also like to thank Elizabeth Bauer (until per retirement in December) and Norm Baker for preparing the handicaps for the end of season run and the point scoring for the end of season awards.

Geoff McDonald

HISTORY OF ATHLETICS IN GEELONG

Formal Athletics started in Geelong as far back as 1892 when Geelong Grammar School joined the newly formed Victorian Amateur Athletic Association with our first State Champions being W.S. Jones (Hammer) and J.D. McRae (Polevault) in 1894.

The first Victorian Championship event to be held in Geelong was the 5 mile Cross Country Championship held at the Geelong Racecourse in 1921. This year sees the continuation of this with the Athletics Victoria 8km Cross Country Championship being held at Eastern Park.

In December 1929 the Victorian Women's Amateur Athletic Association was founded with Geelong Women taking part from the first official competition in 1930.

In 1956 Geelong had six representatives in the Melbourne Olympics – Ron Blackney, John Chittick, Robert Joyce, John Landy, Don MacMillan & John Vernon.

1961 saw the first track event held at John Landy Field (without top surface), with the first Geelong Centre meet being held in 1962 between Geelong Guild, Lara and Geelong Teachers College.

1964 –1966 saw the Geelong Centre assist in the formation of Geelong Little Athletics Centre the number 1 centre in Victoria.

1969 Geelong centre hosted the Victorian Country Track & Field Championships and the Inter Centre Premierships for the first time at Landy Field.

1977 saw the laying of the 'all weather' rubberised bitumen track to replace the cinder track.

In 1978 Geelong hosted the first ever, combined women's and men's Victorian Country Track & Field Championships.

In May 1982 the Geelong Regional Centre was formed as a result of the merger of the men's and women's associations.

1989 Geelong Regional Centre Incorporated as Geelong Athletics Inc.

1990 Geelong re-enters Melbourne's top Interclub competition as a combined Centre.

1992-93 Landy Field redeveloped into an International Standard 8 lane track.

1998 Geelong Athletics hosted the first round of State League to be held outside of Melbourne.

1999 saw the use of photo-finish for the first time outside Melbourne at the Country Championships.

2001 Geelong Athletics hosted the National Schools Knockout Final and continued to host a round of State League.

2002 Geelong Athletics conducted the Oceania Veterans Championships over 10 days.

2003 St Joseph's Athletic Club decides not to reaffiliate with Athletics Victoria.

2004 Geelong Athletics purchases photo finish equipment and hosts the Athletics Victoria Country Track & Field Championships.

2005 The first Ron Clarke Classic is held December 17th with World 40+ 1 hour time trial record set at the meet.

2006 Landy Field is closed for major upgrade – track to become standard IAAF configuration. Founding President of Geelong Athletics (Rudi Hochreiter) died.
